

Myrtle Street will be reduced to one lane near Broadway Bridge TONIGHT (April 14)

April 14, 2016

Lanes will be closed on Myrtle Street between the Discovery Center and Ferguson Street **tonight** (April 14). Crews will be installing new traffic signal poles at the intersection of Broadway Avenue and Myrtle Street.

From **9 p.m. to 5 a.m.** drivers can expect:

- Only **one through lane and one left-turn lane will be open** on Myrtle Street.
- **Left-turns will be restricted** from Myrtle onto Broadway Avenue for **about two hours**. During this period, drivers will be redirected to Broadway Avenue via Park Blvd. and Front Street.
- Motorists may also be **briefly stopped at University Drive and Broadway Avenue** while crews install signal poles at this intersection.

The Broadway Avenue Bridge is being replaced to meet today's design standards, as well as current and future traffic volumes.

Construction will be complete late this year.

ITD reminds everyone to leave early, know your route and plan extra time for travel.
